ANOTHER WONDERFUL CURE!

PRILABELPHIA, April 9, 1846.

Last August a year, I caught a violent cold, in consequence of getting wet in a shower of rain. A circumstance so common gave me no immediate concern, supposing that I should soon get rid of it. On the contrary, however, I daily grew worse; a violent cough set in, then pain in my breast not between my shoulders. I now suffered great oppression from the great secretion of purulent materia my hungs. I became greatly alarmed; and my friends considered my situation extremely critical, the more so as loss of appetite, hectic fever, and night sweats rendered me as weak as a child, and at night the sweat literally poured of me! This was my condition when I commenced using "Thomson's Compound Syrup of Tar and Wood Naphtha." I procured one bottle, and experienced so much benefit that I resolved to continue it. It is now six months since I crased using the medicine, and the cure remains perfect. I firmly believe this medicine is far sujerior to every other remedy for Consumption of the Lungs. J. J. CHAMBERLAIN, No. 8, Carberry street. Aftirmed and subscribed this 9th day of April, 1846, before me.
